### Inspiring Minds, Building Futures, Together

## Who we are

The District 31 Education Foundation includes Winkelman Elementary and Field Middle schools in Northbrook and Glenview, IL.

**Founded in 1989, we are a parent-led, 501(c)(3) education foundation.** Our primary focus is to fund improvements to school facilities and programming in District 31.

## Mission

The District 31 Education Foundation's mission is to fund initiatives that will equip our District with the best educational environment.

## 2017-2019 Funding Campaign (\$120,000 Goal)

Our funding campaign will focus on the development and installation of new outdoor spaces at both schools. These projects will include enhanced outdoor play equipment and physical improvements at Field Middle School and new, safe playground equipment at Winkelman Elementary school. These improvements will have a direct impact on the lives and experiences of the students and offer community benefits as the new equipment will be open for all to use during posted hours.

We are additionally offering grants to all District 31 educators.

## Projects Funded

Over the last 5 years, the Foundation has provided grants totaling over \$720,000 to West Northfield School District that have enabled:

- Grants to teachers and staff to improve their teaching environment.
- STEAM initiative that brought a maker space lab to Winkelman and 3D printers to Field School.
- Implementation of 1:1 technology (iPads) for every child in District 31.
- Wi-Fi and Internet infrastructure updates.
