

Be a Room Parent!

Being a room parent (room adult, really) is a great way to be involved in your child's class, work with the teachers, and create and support a community that will be yours for years to come! Interested? Send an email to d31pto@gmail to sign up or learn more!

Who is needed?

Any parent or guardian of a Winkelman student can be a room parent. We want to have two or three for every class—both remote and on-site—and you can be room parent for all your kids! The only requirements are an enthusiasm to engage and a willingness to plan and communicate!

Why are you needed?

We need room parents to support teachers in any way they need and to help create and strengthen communities within the class and across the grade. This year especially, the need to keep people connected is strong in this time of uncertainty. Let's be there for each other while having some fun!

What will you do?

You'll do a lot to help support your class and your grade:

- Pass communication from the PTO to your class adults
- Work with your grade cohort on special experiences for holidays
- Coordinate with your teacher to create social opportunities for both on-site and remote classes
- Line up guest readers to read to your class from afar
- Assist your teacher as needed with projects, communications, et cetera
- Anything you want that keeps your group engaged!

Support the PTO

We are very pleased to announce that we now can take contributions online! We are limiting fundraising this year, and we hope you will consider a gift to support the PTO's ability to provide an array of services and programming. Since we don't know how we'll be able to celebrate holidays, **no classroom contributions from families will be requested for class parties this school year. Instead, please visit [district31.net/pto](https://www.district31.net/pto) to make a contribution to the PTO** to help support COVID-friendly activities this year. All contributions are greatly appreciated!
